

The extensive assets and advantages to this fleet-perfect 4-door sedan provide a compelling rationale for fleets of all sizes. For 2015, Dodge Dart offers mileage* up to 41 mpg⁽⁸⁾ when equipped with the Aero package, and **three outstanding engines: the 16-valve 2.0L Tigershark (160 hp and 148 lb-ft of torque), standard on SE; the available 16-valve 1.4L Turbo with MultiAir (160 hp and 184 lb-ft of torque); and the available 16-valve 2.4L Tigershark with MultiAir 2 (184 hp and 174 lb-ft of torque).**

A wide variety of interior combinations joins innovative ambient lighting and benchmark telematics. But the standout final touch to Dodge Dart lies in the degree of Safety & Security – with six separate air bag⁽²⁾ systems, an occupant-protective unibody design and exceptional braking and handling technology, and one of the best warranties⁽⁴⁾ in the business.
