

**Innovation and invention** have always been hallmarks of FCA Fleet vehicles, and the 2017 FIAT portfolio — **novel and fun-to-drive urban utility vehicles** — exemplifies this commitment perfectly. For 2017, the FIAT 500L delivers a **performance-friendly and versatile vehicle to fleets** large and small. This **four-door, 98.8 cu ft interior volume; five-passenger offering combines comfort, smart maneuverability, economical performance, and comprehensive safety and security features** in a stylish package that makes driving a sheer delight. The **efficient 1.4-liter MultiAir Turbo engine generates 160 hp and 184 lb-ft of torque, with an EPA est mpg of 22 city/30 hwy<sup>(8)</sup>**; it's mated to the standard **AISIN heavy-duty 6-speed Automatic transmission**. Consider it all, and the flexible FIAT 500L supplies a complete package: **impressive portions of versatility, comfort and interior room, with generous safety and security features** — capability that meets every need set by today's fleet.

• = Standard. O = Optional. N/A = Not Available.

<sup>(1)</sup>Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. <sup>(2)</sup>Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system or with the seat belt positioned correctly for the child's age and weight. All occupants should always wear their lap and shoulder belts properly. <sup>(3)</sup>No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. <sup>(4)</sup>Always check visually for pedestrians and vehicles prior to proceeding or changing lanes. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. <sup>(5)</sup>SiriusXM services require subscriptions, sold separately after the 12-month trial included with the new vehicle purchase. **If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at [www.siriusxm.com](http://www.siriusxm.com).** All fees and programming subject to change. Trial service is not transferrable or refundable. The SiriusXM Travel Link data displays and individual product availability vary by vehicle hardware. Not all vehicles or devices are capable of receiving all Travel Link services offered by SIRIUSXM; Weather Forecast, Current Conditions may not be available in all locations; and features of individual systems will vary. SIRIUSXM is not responsible for any errors or inaccuracies in the SiriusXM Travel Link services or their use. Our satellite service is available only to those at least 18 and older in the 48 contiguous USA and D.C. Our Sirius satellite service is also available in PR (with coverage limitations). Our Internet radio service is available throughout our satellite service area and in AK and HI. <sup>(6)</sup>2016 EPA estimates. Actual mileage may vary. <sup>(17)</sup>Requires a mobile phone equipped with the Bluetooth® Hands-Free Profile. Visit UconnectPhone.com for systems and device compatibility.
