

One look and you know: the FIAT® 500 is one compact car that delivers in a very big way. This ultra-practical four-seater pushes economy to the top, with a **fuel-efficient 1.4-liter engine with MultiAir technology** mated to a fun-to-drive standard 5-speed Manual transmission. Count on driving with **reduced emissions, with impressive driving range and performance that achieves up to 31 city and 40 hwy mpg.⁽⁸⁾** In an age dominated by communications, the 2016 FIAT technology delivers. Included are eco:Drive to communicate ideal fuel consumption to the driver – perfect for American distances and fleets of all sizes; the multi-feature Electronic Stability Control (ESC)⁽³⁾ as standard, all backed by an **impressive list of standard and available Safety and Security features**. With available GPS Navigation with Uconnect 5.0, you've got a vehicle that gives your fleet the total package: **vigorous yet economical performance, impressive touches of comfort and convenience – and outstanding ride quality.**

PRODUCT HIGHLIGHTS

S = Standard. O = Optional.

⁽¹⁾Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. ⁽²⁾Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system or with the seat belt positioned correctly for the child's age and weight. All occupants should always wear their lap and shoulder belts properly. ⁽³⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. ⁽⁴⁾Always check visually for pedestrians and vehicles prior to proceeding or changing lanes. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. ⁽⁵⁾SiriusXM services require subscriptions, sold separately after the 12-month trial included with the new vehicle purchase. **If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com.** All fees and programming subject to change. Trial service is not transferrable or refundable. The SiriusXM Travel Link data displays and individual product availability vary by vehicle hardware. Not all vehicles or devices are capable of receiving all Travel Link services offered by SIRIUSXM: Weather Forecast, Current Conditions may not be available in all locations; and features of individual systems will vary. SIRIUSXM is not responsible for any errors or inaccuracies in the SiriusXM Travel Link services or their use. Our satellite service is available only to those at least 18 and older in the 48 contiguous USA and D.C. Our Sirius satellite service is also available in PR (with coverage limitations). Our Internet radio service is available throughout our satellite service area and in AK and HI. ⁽⁷⁾The Uconnect® Phone requires a mobile phone equipped with the Bluetooth® Hands-Free Profile. To check phone compatibility please visit UconnectPhone.com. ⁽⁸⁾2016 EPA estimates. Actual mileage may vary.
