

The 2017 Jeep Cherokee brings impressive efficiency, performance and technology to our Fleet Portfolio. Power is efficient: both the 2.4L Tigershark I-4 engine and available 3.2L Pentastar V6 are mated to the fuel-sipping **nine-speed Automatic**, with the Pentastar V6 also featuring the **state-of-the-art Stop/Start technology** to get the most out of every drop of fuel. This SUV is all about enhancing the entire driver experience, with standard **Rear Back-Up Camera**<sup>(5)</sup> and standard **Park Assist**<sup>(5)</sup> on Latitude and Limited models, and an available **8.4-inch touchscreen radio**. **Safety & Security is paramount, with over 70 standard and available features** encompassing multiple air bags,<sup>(2)</sup> **Blind-Spot Monitoring**<sup>(5)</sup>, **Remote Keyless Entry, Remote Start System and LaneSense Lane Departure Warning**.<sup>(28)</sup> The three models of 2017 Jeep Cherokee perfectly articulate the Jeep attitude of freedom: Go Anywhere, Do Anything.<sup>®</sup>

<sup>(1)</sup>Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. <sup>(2)</sup>Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system or with the seat belt positioned correctly for the child's age and weight. All occupants should always wear their lap and shoulder belts properly.

<sup>(3)</sup>No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.

<sup>(4)</sup>Always check visually for pedestrians and vehicles prior to proceeding or changing lanes. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. <sup>(5)</sup>SiriusXM services require subscriptions, sold separately after the 12-month trial included with the new vehicle purchase. **If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at [www.siriusxm.com](http://www.siriusxm.com).** All fees and programming subject to change. Trial service is not transferable or refundable. The SiriusXM Travel Link data displays and individual product availability vary by vehicle hardware. Not all vehicles or devices are capable of receiving all Travel Link services offered by SIRIUSXM; Weather Forecast, Current Conditions may not be available in all locations; and features of individual systems will vary. SIRIUSXM is not responsible for any errors or inaccuracies in the SiriusXM Travel Link services or their use. Our satellite service is available only to those at least 18 and older in the 48 contiguous USA and D.C. Our Sirius satellite service is also available in PR (with coverage limitations). Our Internet radio service is available throughout our satellite service area and in AK and HI. <sup>(6)</sup>2016 EPA estimates. Actual mileage may vary. <sup>(7)</sup>This system is not intended to avoid collisions on its own, nor can FCW detect every type of potential crash. The driver must remain aware of traffic conditions and prepared to brake and steer to avoid potential collisions at all times. <sup>(8)</sup>ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. <sup>(9)</sup>This system is a driver's convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle.
